CHRIST'S PIECES

overall / fusion

CP Vision
ministry

- * Support for each of us to discover and practise our gifts for our community of CP and our wider world
- * to support our men's spiritual growth

All 3 Quarry / Open Book / Open Table

A heart to serve the wider community.

be involved in the messiness of others' lives external to Christ's Pieces

Representatives of Christ's LOVE

To have harmony within to serve the without

2025

I can see Christ's Pieces develop a "helping" arm, for short-term caring, helping or community projects.

I imagine that Christ's Pieces could come together in a weekend retreat where they purposefully present life as lived through Quarry, Open Table or Open Book to others.

I believe it would be most effective if those invited were no more than the number of Christ's Pieces members available.

Quarry: Future
Open Table/Book:

As is stated for 'now' with 'gusto' 😊

The future

The occasional Quarry meetings throughout Ipswich, Bristow, Stoddoly (ha!)

The future

Consider practicing Quarry 'break cuts' i.e. retreats, contemplation of prayer times, a day through the year, a weekend or a little longer, + community building

I can see Quarry of Christ's Pieces (of what I've seen) to be a beautiful community of genuine love & care for each other.

You celebrate life together in a beautiful way, communicating Christ through your engagements, enriching & cultivating faith in others, & showing loving concern.
Dream/Future: Maybe offer weekend workshops for others

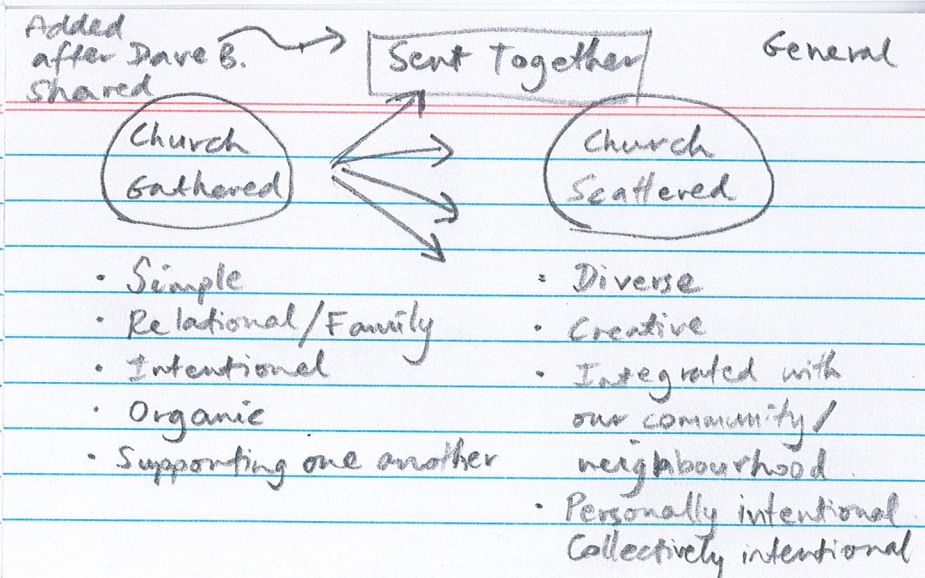

Quarry - continue as is

Open Table - ^{hold} more regularly
- maintain focus on inviting people of all walks of life.
- maintain story-telling around a theme

Open Book - only when feel led to a certain book; ^{simplified} discussion.

How do we integrate the church 'gathered' & 'scattered'?

God's people living in community
Integrating lives with personal space & communal space
Rhythm of daily life - prayer, work, 'within' & 'without'
Establishing/planting/integrating into Villages that become tastes of the Kingdom

Open Book / OPEN TABLE

- * A synergy of both because a shared meal promotes a more open discussion around the topic to be discussed.
- * Accessible to non-christian and/or those hoping to discuss "difficult" subjects

The church generally.

- Admit our imperfection currently & historically (humility & honesty).
- Not be so protective of our differences in traditions & form but celebrate differences.

Free

(to step into what is ahead)

Hopes

- To maintain an openness to visitors - practice hospitality
- To support each other as we journey into the unknown. + increasingly support each other in our workplaces / networks.
- To continue an expression of creation care

~~The church generally.~~

CHRIST'S PIECES

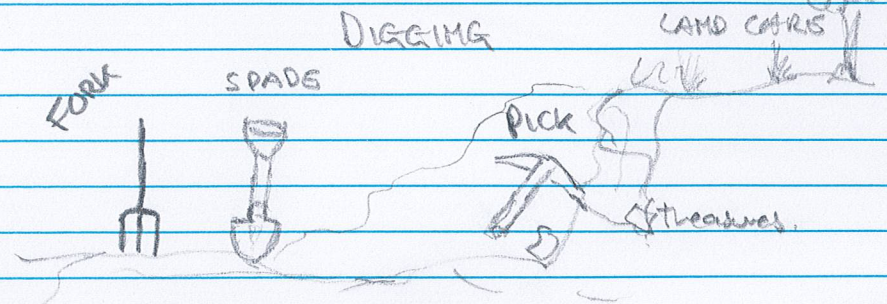

- To form an cohousing / coliving property to develop a live-in-place of healing, education, growth.

Preferred Future:

Deepening interwoven threads of lives committed to the Lord of His Kingdom but with new threads, whether for a season or for contribution to a new pattern, which brings new clarity, a new voice to discern of new hands to commit.

GENERAL CHURCH

FOR THE FOCUS TO COME BACK TO THE CREATION OF WHAT GOD HAS ALREADY MADE & TO SEE THE BEAUTY OF HIS CREATION IN THE WORLD & ITS PEOPLE.
HE MADE

Quarry

to come together just as we do now, with times of silence, scripture engaged. Some structure but the capacity to be directed as the spirit leads. The practice of shared contributions across the functions. Creating unity.

- Collective leadership / individual flavour 2 of 2
- all voices heard & respected
 - room for imagination / creativity / emotion + substance + silence
 - accountability / grace.

Quarry

A dispersed church in the broader community work places + homes with the rhythms of coming apart from "the world" to come together for our Sunday gatherings.

- Liturgy
- Silence
- Shared practices
- Prayer.
- Scripture
- Informal relationship

Quarry.

- * A most intimate shared faith group.
- * A place of vulnerability to Gods movement in us individually + as a group.
- * Available to each other to support each other, celebrate together, walk together in healing, build each other to maturity.
- * Open to explore how deep + wide the kingdom of God is whilst retaining a centre of key DNA's (values).

Quarry

CLOSENESS OF PILGRIMS SEARCHING FOR GOD.

Pilgrimage - searching for God

Faithful

Joyful

living closer together

Quarry

Rich and deep time of fellowship with one another and God.

Come away enriched for the week, which is usually where most output occurs.

Quarry

BROADENING OUR EXPERIENCE & THE KINGDOM THROUGH BRINGING AN EXTRA FRIEND, NEIGHBOUR, RELATIVE ETC. TO. A QUARRY PLANNED EVENT. I.E. OPEN TABLE, OPEN BOOK, KIDS EVENTS

Quarry - now focussed

Receiving all. Biblically based & allowing Father to reveal in each one of us the areas for healing and/or blessing.

Honouring Holy Spirit ^{allowing} His work to dominate our gatherings, yet ^{with} in respectful practices.

Open Table

WELCOMING OF DIVERSITY

Opening to wider community

open table

great: though maybe more
public gathering in summer-
park, BBQ?

Open Table - Now

Inviting community to Christ's Table.
Open conversation - non-threatening
& accepting of all - people
- opinions
- beliefs

yet, under the umbrella of
the church & adhering to the
Truth of the Gospel/Bible, without
compromise (of faith)

OPEN TABLE

future: continue Open Table as before
as there is still so much room for
future growth/connecting

Hopes

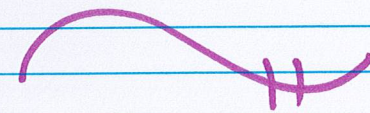

~ To see all kinds of people
at open table; ~~we~~ having
healthy, open, earnest

discussions, led by the spirit.

Rev 22:17

"Come" The spirit + the bride say "come"

OPEN TABLE

1 of 2

Open Table

Unique Aspect of Open Table being truly an "Open" time
& place where people from very different walks of life + different
beliefs background can share a meal (organised by all)
and "open" up / exchange / share life + freely
exchange views + perspectives of how they see
+ experience faith / god (or no god / doubts) without
a ^{pre-}set church dogma, belief system that is to be
accepted by all. The importance of listening to other
views and at times transforming our own views
and hereby experiencing growth in our own individual
faith →

pieces

Open Table

- Outreach - invite widely
- fun fellowship
- gentle christian practice
- liturgy
- respectful protocol / seeking that
everyone is heard

Open Book Extension Classes

Praxis -

Challenging by using different
Christian world-views

OPEN BOOK

From what I've seen, Open Book is a beautiful space concerned with cultivating spiritual growth in a relatively safe environment. There is also a focus on communicating Christ to others of specifically to those who do not yet know Him.

Dream of Future: having more engage of for times of sharing how God is working.

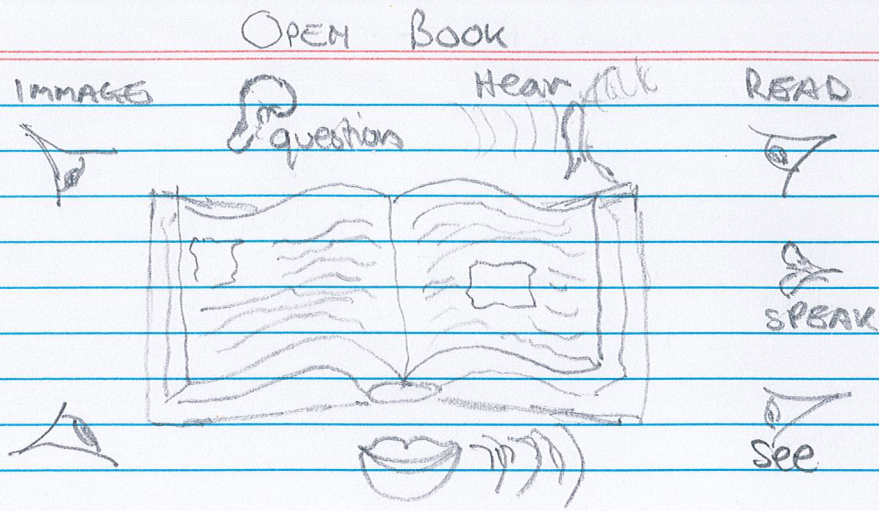

Cpieces

Open Book / open media

* explore important books / films / pod and what God is calling us to do with what they say

* Less rush - maybe 1 chapter at a time

* expand to film / doco / podcast

2 of 2

beliefs are allowed to be shaken up in order to move forward or continuous renewal is vital for every Christian to remain relevant in this rapidly changing world.

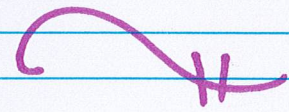

Future Open Book... continue as before
- I love it.

Open Book - Now

Scripturally based discussions around concepts of Christ in community & individual awareness & growth/development

Non-threatening opportunities for 'open' honest discussions.

OPEN BOOK

1 of 2.

Open Book -

Open Book has been a wonderful and at times truly a time of "wonder". Often experienced new revelations about old truths. Sometimes my views on old truths were shaken to the core and I loved the challenge of change, transformation + growth through this shake up. Also love we can freely exchange our thoughts/emotions without condemnation. ~~As~~ A place where old "truths" ^{time}

open Book

May be incorporating other focus opportunity i.e

- 1) praying, intercession, intercede ^{prayer for others}
- 2) contemplative x 4 weeks ^(suggest a person brings a short reading on each week)
- 3) art or music.
